The offer is for an encounter... with Josephine Baker, of course, but also with Angélique de Labarre, the owner of the estate, who is passionate about both the history of the chateau and that of the artist.

She will welcome you and tell you the story of Les Milandes and its chapel while you stroll through the gardens (1 hour).

You can then enjoy the grounds (1 hour 30 minutes) and its birds of prey presentation (30 minutes) before joining Angélique de Labarre for a toast over a glass of champagne and a platter of charcuterie and cheese (30 minutes).

A truly unique and privileged experience!
